# Floating City?

- 
- **For centuries skeptics viewed God's people with scorn, as they spoke of travelling through space to God's Heaven. Critics scoffed at the idea that mortals might travel beyond our planet. Then suddenly, man began venturing into space. Today, there are plans for space stations and space colonies / space tourism! In recent times only a few highly trained persons were able to make space voyages.**

- 
- **To date, news broke of the first “Space Tourist” (April 24, 2001). An American businessman, paid \$20M to go on a voyage with some Russian cosmonauts! Many, many persons are fascinated by space travel. We dream of travelling to and living in a fantastic “storybook” city in the sky, or on another planet. There is a reason for this - a God-given reason.**

- 
- **Jesus, our Creator, has planted deeply within each human heart, a desire to travel and visit the dominions of outer space. It is exciting to discover that He plans for space voyages and space living to be a regular experience for His people when He sets up His new Kingdom. Talk about mind boggling!
